“ Providing customized First Aid Services for Industry in British Columbia ”

Boulder Mountain Contracting is now offering complete, customized First Aid Services for Industry throughout British Columbia for fall 2010.

Our first aid attendants have extensive experience providing first aid services, in isolated locations, industrial sites and public venues.

All team members trained to BC Occupational First Aid Level 3 standard (2 week course re-certified every 3 years, covering treatment and transportation of injured workers from field locations)

Our first aid attendants also hold BC Class 4 driver's licenses, WHMIS, Petroleum Safety Training and some personnel have the H2S Alive ticket.

Mobile Treatment Centre fully equipped– recognized by the WorkSafeBC as suitable for providing care, treatment and transport of injured workers on projects as large as 200 workers.

The 2010 Tufport MTC is on Ford Super Duty F350 4x4 and meets all applicable safety standards including roll over protection for the date of manufacture.

Call us to discuss your needs. (250) 672-2120 Boulder Mountain Contracting Ltd.
